PROFESSIONAL SUMMARY

Dedicated Full Stack Developer with hands-on experience building responsive, scalable web apps using the MERN stack. Passionate about clean code, intuitive UI/UX, performance optimization, and blockchain integration. Strong collaborator with a commitment to continuous learning and innovation.

SKILLS

Languages: JavaScript, TypeScript, HTML, CSS, Python, C/C++

Frontend: React.js, Next.js, Tailwind CSS, Redux, Bootstrap

Backend: Node.js, Express.js, MongoDB, REST APIs

Tools: Git, GitHub, VS Code, Postman, Figma, Firebase

Soft Skills: Problem Solving, Time Management, Collaboration, Communication

EXPERIENCE

Freelance Web Developer

Remote — 2023–2024

- Delivered full-stack apps using the MERN stack for diverse client needs.
- Designed responsive UI/UX, integrated REST APIs, and optimized app performance.
- Translated client requirements into scalable, functional solutions.

Blockchain Frontend Developer Intern – BlockseBlock

Remote — May 2025–Present

- Built user interfaces for decentralized applications using React and Web3.js.
- Integrated Ethereum smart contracts with frontend logic for real-time blockchain interactions.
- Implemented secure wallet connections (e.g., MetaMask), network switching, and auth flows.

Frontend Intern – Payme Online Transaction

Kolkata — Aug 2023

- Developed and refactored reusable React components to enhance codebase maintainability.
- Improved mobile responsiveness and collaborated with designers to align UI/UX.
- Participated in agile sprints, contributing to code reviews and feature rollouts.

Open Source Contributor

Remote — 2022–Present

- Contributed to open-source React projects during Hacktoberfest.
- Fixed bugs, implemented new features, and enhanced developer documentation.

PROJECTS

- **Drive with Raj** – Car e-commerce platform with Firebase Auth, Firestore, and React UI.
- **Chatty (MERN)** – Real-time chat app with user auth and Socket.IO integration.
- **World Galaxy** – Photo gallery built with React, Framer Motion, and Tailwind CSS.
- **QR Code Generator** – Lightweight React app generating instant QR codes via API.
- **E-Commerce UI** – Responsive storefront showcasing modern product card designs.

EDUCATION

B.Tech in Information Technology, MAKAUT

2021–2025

GPA: 8.4/10

Diploma in Civil Engineering, Murshidabad Institute of Technology

2019–2022

GPA: 7.9/10

CERTIFICATIONS

Full Stack Development – GeeksforGeeks (2024)
